Subject: Conversation with Martinson, Mathew

Kenknight, Jeff 11:02 AM:

FYI, Justin Green just called and said he was hoping to send us some additional info this week. He said that he knew we were trying to get a letter out and appreciated our patience. He did not say what he was providing.

Martinson, Mathew 11:03 AM:

I have a question for you about the PPA/PPG meeting next week. Dan or Angela are attending. Ashley Z and Angela were wondering if we wanted to flag the LUB GWMA as a priority focus area. Want to talk about this?

Martinson, Mathew 11:05 AM:

I cannot imagine that what Justin is sending will make a difference. It would need to be a comprehensive inventory and current water quality results for all wells?

Kenknight, Jeff 11:07 AM:

I think its a golden opportunity for WD to use the forum to reinforce the our statements in the letter which I hope will be public by then.

Kenknight, Jeff 11:08 AM:

I agree that it is unlikely they have collected a comprehensive well survey in the meantime

Martinson, Mathew 11:29 AM:

Okay. I'll pluck from the letter and put it in the agenda.
